

FACTORY-AUTHORIZED TRAINING FROM PETERBILT

The Peterbilt Technician Institute (PTI) is a manufacturer-paid training program offering students advanced training on the company's products and technologies, including Peterbilt's legendary trucks and the PACCAR MX-13 engine. Peterbilt technicians share the reputation of being some of the best and this program can help you develop the skills valued by Peterbilt's 300 plus dealerships across North America.

"Partnering with RRC will allow us to address the industry-wide shortage of qualified and certified Peterbilt service technicians. Our partnership will attract the next generation of Peterbilt technicians who will exceed expectations through exceptional service for our customers and their vehicles."

Kyle Quinn, General Manager
Peterbilt Motors Company

PACCAR MX-13 Engine

PROGRAM LOCATION

Heavy Equipment Training Centre
