Red River College is a leader in applied learning and innovation. Our talented team of employees is passionate about education, innovation and student success. We offer competitive salaries, extensive benefits, and the opportunity for personal and professional growth in a rewarding career.

Duties:

Red River College is seeking a Research Coordinator to support and carry out applied research projects undertaken by the Vehicle Technology & Energy Centre (VTEC) currently managed by Research Partnerships & Innovation. Reporting to the Research Manager, the incumbent will be responsible for carrying out applied research and development activities related to vehicle development and vehicle performance. Projects may include vehicle weight reduction (light-weighting), emissions reduction, vehicle electrification and related vehicle applications of sensors. The incumbent is expected to be creative and able to participate in new idea and project creation. Other responsibilities will include participation in proposal development, supervision of student researchers, event coordination, project management and reporting.

Required Qualifications:

- Degree in Engineering. An equivalent combination of education and experience may be considered
- Recent experience and knowledge in the following areas: electric vehicles research, alternative energy (i.e. battery, hydrogen & fuel cells), lightweighting, and CAN bus technology
- Significant experience working in manufacturing sector
- Demonstrated experience in project / research management
- Experience with Microsoft office suites, Word, Excel, PowerPoint and MS Project
- Effective organizational skills
- Effective written and verbal communication skills
- Excellent interpersonal skills
- Excellent attention to details
- Ability to work independently as well as collaboratively in group settings
- Values Diversity, Equity, and Inclusion
- Commitment to lifelong learning

Assets:

- Masters degree in Electrical, Mechanical or Industrial Engineering
- Knowledge of the college applied research enterprise
- Experience in data collection and statistical analysis

Conditions of Employment:

- Applicants must be legally entitled to work in Canada
- This position may be required to work evenings and weekends

We seek diversity in our workplace. Aboriginal persons, women, visible minorities and individuals with disabilities are encouraged to apply.

Competition Number: 2017-093
Closing Date: July 25, 2017
Salary Range: \$51,576 - \$70,603 per annum

Apply to Red River College by email: humanresources@rrc.ca

We thank all applicants for their interest, but only those selected for an interview will be contacted. Red River College provides accommodations to applicants with disabilities throughout the hiring process. If an applicant requires accommodation during the application or selection process, Human Resource Services will work with the applicant to meet the accommodation needs.
